<p>Data Results Period upon which this Action Plan is based (period which ended 6/30/xx): 8/27/2012-6/30/2013</p>		
<p>Action Plan (close the loop): Practicum Checklist: The practicum checklist scores indicate that CNM Teacher Education students in the field are exhibiting proficiency at 96.49%; this suggests that students are currently demonstrating appropriate professional behavior in the field. During this assessment period we clarified the checklist and gave supervisors more guidance for completing the form. Ideally we would like to be at 100% proficiency in this area. Professionalism Essay: Students were at 90% proficiency, 5% above our target proficiency rate. This suggests that we are addressing the professional code of conduct and ethics to ensure student understanding and program outcomes. In addition, during this assessment period we clarified the rubric and averaged the scores of all 3 essays versus having the instructor choose one of the components.</p>		

ASSESSMENT PLAN

The assessment plan includes three parts:

1. **The plan description** (This should be a brief written description of the assessment plan(s) for the area/certificate/degree/discipline. If all outcomes are not shown in item #3 below as assessed in the 5 year cycle, this description must include information about their eventual assessment)
2. **The student learning outcomes for the area/program/discipline** for the 5 year cycle.
3. **The assessment cycle timeline**

1 Plan Description

To assess the first two student learning outcomes (listed below in #3) we used a checklist assessing professional behaviors in the practicum environment and an essay demonstrating student knowledge about the code of conduct and ethics of their profession. This will be assessed from 2011-2013 in all Teacher Education practicum courses. The remaining outcomes will be assessed based on the timeline listed in # 3. 107 students completed the essay and 114 students completed the practicum checklist during this assessment cycle.

Starting in Fall 2013, we will be addressing outcome # 5 until 2015. The remaining outcomes will be assessed during the timeline outlined in # 3. We will continue to use the practicum checklist in all of our practicum classes and may use the professionalism essay in select classes to continue having students and faculty focus on the code of ethics in their profession.

- 2 **Provide the list of current student learning outcomes for this area or program (you may add more lines if necessary by right clicking and choosing insert row below):**

1	Apply knowledge of the code of conduct and ethics of their profession.
2	Demonstrate professional behaviors in the field setting.
3	Apply knowledge of working with diverse populations to their professional practice
4	Analyze how multicultural perspectives shape their interactions with community, parents, and children
5	Demonstrate collaboration skills needed to engage in effective and authentic collaborative relationships with colleagues, children, families, and communities.

3 Assessment Cycle timeline for the above student learning outcomes for the next five years.

Outcome #	When Measured	Where measured (i.e. what course(s))	Measurement tool(s) & Type of tool
