Comprehend, apply and evaluate diagnostic data related to patient information Perform a variety of clinical supportive treatments			
Classes/Cohort Assessed: Cohort DA students 2011-2012			
Measurement tool(s):  <i>Final Comprehensive Clinical/Laboratory Evaluation</i>  <i>DA 1593 Principles and Techniques of Dental Radiology</i>			
Type of tool (for each tool listed above, indicate type of tool): <i>Final Comprehensive Clinical/Laboratory Evaluation (Internal Direct and External Direct)measured in spring</i>  <i>Comprehensive Radiology Exam (Internal Direct)measured in spring</i>			

Achievement Target (if more than one measurement tool, list target for each tool separately):

*Comprehensive Radiology Exam (Internal Direct)- students will pass with a 71% or better*

*Final Comprehensive Clinical/Laboratory Evaluation (Internal Direct and External Direct) students will pass with a 71% or better*

Assessment Results/Findings (if more than one measurement tool, list results for each tool separately):

Results for the Radiology exam mean score was 85.14. All students passed with a 71% or better which meet our criteria.

Results for the Comprehensive Clinical Evaluation meet our criteria with a 89.46 mean score

Due to the timing of this report (Fall 2011-Spring 2012), only two of the exit competencies are being measured since the remaining 3 require data collected in the summer term. This is the only Assessment Report that will not be measuring all of the targeted exit competencies. The program will then be on track to include all measurable data required for these outcomes.

Action Plan (close the loop): Currently, the program is meeting its criteria and no action plan has been implemented other than to continue meeting standards.
